

Adding a Slideshow

Last Modified on 26/09/2016 5:02 pm AEST

Quick Steps: Shop > Products > Products Categories > Add > Images

1. Within the Management Console, select **Shop** from the top menu, then **Products** from the left menu.
2. Select **Product Categories** from the expanded left menu.
3. Click **Add**, to add a new Category.
4. Give the category a Title and Order, then add any relevant Detail.
5. Go to the **Images** tab, then under **Slider Image**, browse for the image and upload.
6. Set **Slider Image Show** to **YES**

The screenshot shows the 'Categories' management interface. At the top, it says 'STG SAMPLE - Club' and 'Logged in as: System Administrator'. The navigation menu includes 'Home', 'Website', 'Members', 'Subscriptions', 'Shop', 'Auctions', 'TicketDesq', 'Events', 'Registrations', 'Competitions', 'Tools', 'Administration', and 'SportsTG Noticeboard'. The left sidebar shows 'Order Management', 'Products', 'Product Categories', 'Product Subcategories', 'Product Reviews', 'Analytics', 'Shop Settings', and 'Marketing'. The main content area is titled 'Categories' and has tabs for 'General', 'Detail', 'Images', and 'Other Information'. The 'Images' tab is active, showing two sections: 'Image - 125kb maximum' and 'Slider Image - 125kb maximum'. Each section has a 'Current Image' field, a 'New Image' field with a 'BROWSE' button, and a 'Delete?' and 'Upload' button. The 'Slider Image Show' radio button is set to 'Yes'.

7. Click **Save**

Note: Your shop layout must be set to "8" for the slider to appear. To do this, go to **Shop > Shop Settings > Options > Edit > Design > Set Design Option to 8**
